Once the development rights for a specific conservation easement are extinguished, generally immediately after acquisition, a valuation allowance is established to reduce the carrying value of the conservation easement to a nominal value of \$1, in order to reflect the lack of marketability of the easement, due to the extinguishment of development rights. The provision for the valuation allowance is reflected as "Program Expenses" in the statements of activities.

This year's significant activity was the successful conservation of Triangle Ranch, 1,143.72 acres with three miles of the Myakka River flowing through it. This was a three year effort made possible by donors contributing \$1,670,000 toward its permanent preservation.

Conservation Foundation of the Gulf Coast works to protect the character, natural integrity and biodiversity of Florida's Gulf Coast bays, beaches, barrier islands and their watersheds. This is

accomplished by acquiring and maintaining conservation easements and owning nature preserves; educating for responsible land stewardship;

and, collaborating with individuals, organizations and communities. As a nationally accredited land trust, we identify significant land

parcels and work with landowners, philanthropists and government to preserve and protect these lands in perpetuity. We create a

conservation community by bringing innovative conservation programs to people of all ages, ranging from guided kayak tours, native plant

lectures, bird-watching hikes and outdoor educational activities for children. Environmental art exhibits are hosted throughout the year in
